

Neptun.Net Administrative System

User's Guide for Students

Dear Student,

This guide is intended to provide practical information for students about the Neptun.Net Education Administrative System.

Login to Neptun

To access the Neptun system of Eszterházy Károly College you should click first on the "Hallgatóknak" link, and then the "Bejelentkezés a Neptunba" link on <http://neptun.ektf.hu/>. On the login screen you should write your Neptun code to the "Azonosító" field and the relevant password to the "Jelszó" field, the default password is your birth date (in yyyy/mm/dd format). To set the language to English select "English" in the "Nyelv" drop-down menu. You can login to the system by clicking on "Login".

Neptun student web surface

On the top of the page you can find the Neptun Student Web menu. You can view the content of the sub menu by clicking on the selected item of the main menu.

Special functions facilitating the use of Neptun are available on the left side of the screen: Using the menu "Training" you can view and modify the data pertaining to your training and in the "Favourites" menu you can collect your favourite menu points. In the "Information" menu you find the sitemap and the screen sensitive help which contains the description of the selected function.

Subject and course registration

You can register for subjects and exams in the "Subject registration" menu point of the „Subjects” menu. After selecting the corresponding semester you can sort out the subjects according to different aspects. Subjects accomplished earlier are displayed in blue colour. By clicking on a subject in a popup window the details of the selected subject will be displayed. You can see the courses launched for the selected subject in the current semester in the "Available courses" tab. By clicking on a subject the details of the selected course are displayed in a popup window. You can register for a course if you select the check box on the right side of the course list, then click the "Save" button to complete the registration.

To register for a subject you are required to select at least one course to a subject if there are more types of courses launched. In such cases you have to select one of each course type. An

exception to this is the exam course, which has to be registered individually in each case and only this course type has to be selected to complete the registration.

Finances

Here you can check the balance of the joint account, your payment obligations and you can view the electronically archived invoices.

In EKC Neptun the available payment type is joint account payment. You can pay more financial items at the same time and you can save the data of the payer ("Finances"\Settings menu "Partners" and "Organizations" tab).

After listing the payment obligation in the "Finances"\ "Payment" menu you can pay the transcribed items by marking the "Pay in" check box of the "Pay in" column in line of the selected financial item and click "Next". Then select the "Joint account payment" option and click on the "Pay in" button to complete the transaction. To upload your joint account balance you should transfer money to the following bank account number: 10403507-35004545-70070000.

Exam registration

You can register for exams and view your results in the "Exam registration" and "Selected exams" menu points of the "Exams" menu. In the exam registration screen you can list the exams launched for the selected subject in the current semester. You can register for the selected exam by clicking "Registration". The details are displayed in a popup window by clicking on the selected exam.

In the "Selected exams" menu you can view your results and delete an exam within the deadline determined by the institution by clicking on "Delete".

Further Information

You find more help by clicking on the screen sensitive help in the "Information" menu or by clicking on the question mark in the right corner of the screen.
